A Legacy Book for My Loved Ones

*Created by **Inheritance of Hope***

Inheritance of Hope has created a legacy book with prompts and ideas for making a record of your life and messages for children and your spouse. This is our favorite legacy book!

This workbook is designed to provide prompts to help you tell your unique story – a story that will be a priceless gift to your loved ones.

The book is divided into two sections:

(1) messages for your children and

(2) messages for your spouse.

We hope that you will personalize each response for your children. Remember, these prompts are merely a starting place.

Whether you pick and choose sections of the book or complete the entire thing, be creative in telling your special story to your loved ones!

We also recommend recording your voice in response to some of these prompts.
