Trouble the Dog

Created By Trouble the Dog

Trouble the Dog® is a rare plush pup made in America. Kids whisper all their “troubles” into his soft, waiting ear and he helps them smile. Kids love to give Trouble the Dog as a gift to other kids who might need a hug. A proven therapy dog, Trouble is “on call” 24/7.

Trouble the Dog's Story:

One cold winter’s night then 12 year old Kendra Duncan was visiting her aunt, Sheila Duncan. Kendra had experienced a number of cancer losses in her young life: her Nonnie, Dad, and family dog, so she was very tuned into the word “cancer”. Kendra was quietly drawing that evening when the St. Jude Telethon came on television. Kendra looked up and said “I have to help those kids” … she then instantly drew a simple yet powerful little dog. She said “his name is going to be Trouble and he’s going to help kids”.

Kendra then wrote a comic strip telling Trouble’s story about being abandoned as a scared little pup in New York City and then being adopted by a kindly Nonnie. Trouble goes on to rescue other pups “in trouble”, and so the journey began. Trouble is now a global childrens’ character travelling the world comforting kids of all ages … be their “troubles” big or small … one hug at a time.
