

## Help with Financial Stress: Take Charge America

Created By [Take Charge America](#)

Since 1987, Take Charge America has been committed to helping people around the country improve their financial futures. They work with individuals and families facing a variety of financial challenges to help them achieve self-reliance, financial stability and independence.

Their commitment to financial education has helped them become one of the largest nonprofit credit counseling and debt management agencies in the nation. They have helped more than 1.6 million people manage their finances and repay more than \$5 billion in personal debts.

Take Charge America provides free credit counseling services as well as:

- Help with credit card, student loan & housing debt
- Compassionate help from certified counselors
- Free financial review
- Solutions to fit your budget

### **Mission Statement**

Take Charge America provides financial education and services to improve the lives of individuals and families.

### **Vision Statement**

Take Charge America will be an essential lifelong resource for those seeking education, guidance, options and solutions for improving their financial health.
