

West Virginia Family Grief Center

The West Virginia Family Grief Center's mission is to provide caring support to grieving children between the ages of 3 and 18 and their families. Groups are offered at "NO COST" to the participating families. Through weekly peer support groups for the whole family, education, and outreach, we have committed ourselves to offering a strong support system.

The goal is to provide a safe place with safe people for children, adolescents, and their families to:

- Know they are not alone in their grief
- Share their feelings, memories, and experiences in an atmosphere of non-judgmental acceptance
- See that what they are going through is normal
- Know that hope and healing are possible
