

Seattle Cancer Care Alliance

Created by [Seattle Cancer Care Alliance](#)

Seattle Cancer Care Alliance brings together the leading research teams and cancer specialists from Fred Hutch, Seattle Children's and UW Medicine – one extraordinary group whose sole purpose is the pursuit of better, longer, richer lives for our patients.

Based in Seattle's South Lake Union neighborhood, SCCA has six clinical care sites, including a medical oncology clinic at Evergreen Health in Kirkland, Washington; medical and radiation oncology clinics at UW Medicine/Northwest Hospital & Medical Center in Seattle, Washington, as well as Network affiliations with hospitals in six states.

SCCA provides a Family and Patient Resource Center on the third floor of their South Lake Union location. The lending library has materials that cover topics dealing with all aspects of the cancer journey. They also provide computer stations, media checkout services, an ipad lending service, and wig fittings.
